The product name "FieldGoal" in a large, white, sans-serif font with a registered trademark symbol.

FieldGoal®

A description of the product's components in a white, sans-serif font.

**A BLEND OF NON-AMS WATER
CONDITIONING AGENT,
NONIONIC SURFACTANT
AND DEPOSITION AGENT.**

A paragraph describing the benefits of FieldGoal, including its ability to minimize antagonistic effects of hard water minerals and improve herbicide performance.

FieldGoal minimizes antagonistic effects of hard water minerals that may negatively impact herbicide performance. The surfactant ingredient in **FieldGoal** also provides spreading that produces better spray coverage over the plant surface, improving the effectiveness of the spray material on the target species. The addition of **FieldGoal** in the tank mix enhances deposition and reduces off-target drift during application.
