High Load® MSO

**A MODIFIED VEGETABLE
OIL/SURFACTANT BLEND.**

www.reichmansales.com

High Load MSO aids in penetration and spreading of the tank mix through the plant's waxy cuticle, increasing the effectiveness of many post-emergent herbicides. Because of its high load of oil, it can be used at a lower rate — ultimately, saving you money. This MSO allows for quicker absorption and uptake of the herbicide into the plant, including tough-to-control weeds, which means the plant dies quicker.
