SAFETY DATA SHEET

1. Identification

Product identifier	FOLI-GRO K Plus	
Other means of identification	None.	
Recommended use	Ag Product - Plant Nutrition	
Recommended restrictions	None known.	
Manufacturer/Importer/Supplier/	Distributor information	
Manufacturer		
Company name	Wilbur-Ellis Company LLC	
Address	16300 Christensen Rd. Ste 13	5
	Tukwila, WA 98188	
	United States	
Telephone	Branded Products Information	(800) 500-1698
E-mail	SDS@wilburellis.com	
Emergency phone number	Chemtrec - Domestic Chemtrec - International	(800) 424-9300 +1 703-741-5970

2. Hazard(s) identification

Label elements

Physical hazards	Not classified.	
Health hazards	Skin corrosion/irritation Category 2	
	Serious eye damage/eye irritation	Category 2
Environmental hazards	Not classified.	
OSHA defined hazards	Not classified.	

	▼
Signal word	Warning
Hazard statement	Causes skin irritation. Causes serious eye irritation.
Precautionary statement	
Prevention	Wash thoroughly after handling. Wear protective gloves. Wear eye/face protection.
Response	If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see this label). If skin irritation occurs: Get medical attention. If eye irritation persists: Get medical attention. Take off contaminated clothing and wash before reuse.
Storage	Store away from incompatible materials.
Disposal	Dispose of waste and residues in accordance with local authority requirements.
Hazard(s) not otherwise classified (HNOC)	None known.
Supplemental information	None.

3. Composition/information on ingredients

Mixtures

Chemical name	Common name and synonyms	CAS number	%
Potassium Carbonate			10 - < 20
Urea		57-13-6	10 - < 20
Ammonium Thiosulfate		7783-18-8	5 - < 10
EDTA Acid		60-00-4	1 - < 3

Chemical name	Common name and synonyms	CAS number	%
Orthoboric Acid		10043-35-3	1 - < 3
Proprietary Ingredient(s)		Proprietary	1 - < 3
Other components below repor	table levels		50 - < 60
Percentage ranges of composition	to protect confidentiality or due to batch variation	۱.	
4. First-aid measures			
nhalation	Move to fresh air. Call a physician if symptoms		
Skin contact	Remove contaminated clothing. Wash with pler medical attention. Wash contaminated clothing		in irritation occurs: C
Eye contact	Immediately flush eyes with plenty of water for a present and easy to do. Continue rinsing. Get n	nedical attention if irritatior	
ngestion	Rinse mouth. Get medical attention if symptom		
Most important symptoms/effects, acute and delayed	Severe eye irritation. Symptoms may include st vision. Skin irritation. May cause redness and p		welling, and blurred
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat Symptoms may be delayed.	symptomatically. Keep vic	stim under observatio
General information	Ensure that medical personnel are aware of the protect themselves.	e material(s) involved, and	take precautions to
5. Fire-fighting measures			
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbor	n dioxide (CO2).	
Jnsuitable extinguishing nedia	Do not use water jet as an extinguisher, as this	will spread the fire.	
Specific hazards arising from he chemical	During fire, gases hazardous to health may be	formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full pro	tective clothing must be we	orn in case of fire.
Fire fighting equipment/instructions	Move containers from fire area if you can do so	without risk.	
Specific methods	Use standard firefighting procedures and considered	der the hazards of other in	volved materials.
General fire hazards	No unusual fire or explosion hazards noted.		
6. Accidental release mea	sures		
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep peop low areas. Wear appropriate protective equipm damaged containers or spilled material unless adequate ventilation. Local authorities should b contained. For personal protection, see section	ent and clothing during cle wearing appropriate protec e advised if significant spil	an-up. Do not touch tive clothing. Ensure
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this is possible. Cover with plastic sheet to prevent sp and place into containers. Prevent entry into wa Following product recovery, flush area with water	reading. Absorb in vermicu aterways, sewer, basemen	ulite, dry sand or ear
	Small Spills: Wipe up with inert absorbent mate contamination.	rial. Clean surface thoroug	ghly to remove reside
Environmental precautions	Never return spills to original containers for re-u Avoid discharge into drains, water courses or o	•	ee section 13 of the s
-	-	-	
7. Handling and storage Precautions for safe handling	Do not get in eyes, on skin, or on clothing. Avoi ventilation. Wear appropriate personal protectiv practices.	d prolonged exposure. Pro /e equipment. Observe goo	ovide adequate od industrial hygiene
Conditions for safe storage, including any incompatibilities	Store in original tightly closed container. Store a of the SDS).	away from incompatible ma	aterials (see Section

8. Exposure controls/personal protection

Occupational exposure limits

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000) Components Type Value PFI Proprietary Ingredient(s) 6 mg/m3 3 ppm US. ACGIH Threshold Limit Values Form Components Value Type Orthoboric Acid (CAS STEL 6 mg/m3 Inhalable fraction. 10043-35-3) TWA 2 mg/m3 Inhalable fraction. Proprietary Ingredient(s) STEL 6 ppm TWA 3 ppm **US. NIOSH: Pocket Guide to Chemical Hazards** Components Type Value Proprietary Ingredient(s) STEL 15 mg/m3 6 ppm TWA 8 mg/m3 3 ppm US. Workplace Environmental Exposure Level (WEEL) Guides Form Components Value Type TWA Urea (CAS 57-13-6) 10 mg/m3 Total particulate. No biological exposure limits noted for the ingredient(s). **Biological limit values** Appropriate engineering Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, controls or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Eye wash facilities and emergency shower must be available when handling this product. Individual protection measures, such as personal protective equipment Eye/face protection Wear safety glasses with side shields (or goggles). Skin protection Hand protection Wear appropriate chemical resistant gloves. Other Wear appropriate chemical resistant clothing.

Respiratory protection In case of insufficient ventilation, wear suitable respiratory equipment.

Thermal hazards Wear appropriate thermal protective clothing, when necessary.

General hygiene Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective considerations equipment to remove contaminants.

9. Physical and chemical properties

Appearance	Green liquid.
Physical state	Liquid.
Form	Liquid.
Color	Green
Odor	Not available.
Odor threshold	Not available.
рН	10.3 - 10.8
Melting point/freezing point	Not available.
Initial boiling point and boiling	Not available.
range	
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.

Upper/lower flammability or explosive limits

osive limits
Not available.
Soluble
Not available.
Not available.
Not available.
Not available.
10.55 lb/gal
1.27

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	Irritating and/or toxic fumes and gases may be emitted upon the products decomposition. Irritating and/or toxic fumes and gases may be emitted upon the product's decomposition.

11. Toxicological information

Information on likely routes of exposure

Inhalation	Prolonged inhalation may be	harmful.
Skin contact	Causes skin irritation.	
	Prolonged or repeated exposible been observed in humans.	ure may cause liver and kidney damage. These effects have not
Eye contact	Causes serious eye irritation.	
Ingestion	Expected to be a low ingestion hazard.	
Symptoms related to the physical, chemical and toxicological characteristics	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Skin irritation. May cause redness and pain.	
Information on toxicological ef	fects

* Estimates for product may be based on additional component data not shown. **Skin corrosion/irritation** Causes skin irritation.

Serious eye damage/ irritation	eye Causes serious eye irritation.
Respiratory or skin s	ensitization
Respiratory sens	itization Not available.
Skin sensitizatio	n This product is not expected to cause skin sensitization.
Germ cell mutagenic	ity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
IARC Monograph	s. Overall Evaluation of Carcinogenicity
Not listed. OSHA Specifical Not regulated	y Regulated Substances (29 CFR 1910.1001-1050)
	icology Program (NTP) Report on Carcinogens
Not listed.	
Reproductive toxicity	This product is not expected to cause reproductive or developmental effects.
Specific target or toxicity - single e	
Specific target of toxicity - repeate exposure	
Aspiration hazar	d Not available.
Chronic effects	May be harmful if absorbed through skin. Prolonged inhalation may be harmful.
	Prolonged or repeated exposure may cause liver and kidney damage. These effects have not been observed in humans.
12. Ecological inf	formation
Ecotoxicity	The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment

-	possibility that large or frequent spills can have a harmful or damaging effect on the environment.		
Persistence and degradability	No data is available on the degradability of this product.		
Bioaccumulative potential	No data available.		
Mobility in soil	No data available.		
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.		

13. Disposal considerations

Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents and container in accordance with government regulations.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	The waste code should be assigned in discussion between the user, the producer and the waste disposal company.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings, if applicable, even after container is emptied.

14. Transport information

DOT

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	Not established.					
General information	IMDG Regulated Marine Pollutant.					
15. Regulatory informatio	n
