FIRST AID	
If on skin:	<ul style="list-style-type: none">• Wash with plenty of water.• If skin irritation or rash occurs: Get medical attention.• Wash contaminated clothing before reuse.
Have the product container with you when calling a poison control center or doctor or going for treatment.	

PRODUCT INFORMATION

CrossGuard™ is a spray adjuvant designed to improve pesticide deposition on the intended target, achieving an increased level of performance of most pesticides. Use of this product in a typical spray application will help reduce the number of drift-able fines that can occur when pesticides are applied by ground or air. When used in conjunction with proper spray equipment selections, this unique formulation will help manage the spray pattern, allowing for better coverage. Not for aquatic use.

NOTE: CrossGuard does not replace the need for additional adjuvants/surfactants in the spray tank.

DIRECTIONS FOR USE

Proper set-up of spray equipment, which includes nozzle selection and operation (pressure and spray angle) combined with good operator evaluation and decision making on wind direction, temperature inversions, application speed and susceptible crops in the area are necessary for maximum drift reduction potential.

Order of addition to spray tank:

1. When water conditioning products are used, always add them first in the spray mixture.
2. Add CrossGuard after all other product(s), including pesticides and other adjuvants but prior to complete filling of the spray tank.

GENERAL: Use 4 fluid ounces per acre.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in original container only and keep tightly sealed. Store in closed storage area.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org.

LIMITATION OF WARRANTY AND LIABILITY

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THIS PRODUCT; SELLER SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. The limited warranty set forth herein does not apply to, and Buyer accepts all risk arising from, the storage, handling or use of this product contrary to label instructions or under abnormal conditions or conditions not reasonably foreseeable to (or beyond the control of) Seller. To the extent permitted by law, Seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF BUYER, AND THE EXCLUSIVE LIABILITY OF SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF SELLER, THE REPLACEMENT OF THE PRODUCT.
