<b>Have the product container with you when calling a poison control center or doctor or going for treatment.</b>	

### PRODUCT INFORMATION

InTheTrenches™ is a unique blend that increases both deposition and absorption of soil applied herbicides, improving the residual activity while minimizing the potential of active ingredient leaching. It may also be used with other types of soil applied products such as fungicides or fertilizers. This product generates more uniform droplets, resulting in better coverage of the spray mixture on the target. Not for aquatic use.

## DIRECTIONS FOR USE

Rates of InTheTrenches may vary with conditions of application. In most circumstances, the below use rates should suffice. Depending on the soil type and pesticide used, a higher or lower rate may be required for best results. Always follow the adjuvant use recommendations as shown on the pesticide label. However, DO NOT add this product at a rate which exceeds 5% of the finished spray volume.

Always provide good agitation when adding this product to the spray mixture. This product should always be added LAST to the tank mix unless otherwise directed by the pesticide label.

InTheTrenches may be applied by ground, aerial and any other type of spray equipment recommended by the manufacturer's pesticide label.

**GENERAL:** Use 5-16 fluid ounces per acre. After crop emergence, DO NOT use more than 8 fluid ounces per acre.

**DRIFT REDUCTION:** Use 4 fluid ounces per acre.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in original container only and keep tightly sealed. Store in closed storage area.

**PRODUCT DISPOSAL:** Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

**CONTAINER HANDLING:** Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org).

## LIMITATION OF WARRANTY AND LIABILITY

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THIS PRODUCT; SELLER SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. The limited warranty set forth herein does not apply to, and Buyer accepts all risk arising from, the storage, handling or use of this product contrary to label instructions or under abnormal conditions or conditions not reasonably foreseeable to (or beyond the control of) Seller. To the extent permitted by law, Seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF BUYER, AND THE EXCLUSIVE LIABILITY OF SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF SELLER, THE REPLACEMENT OF THE PRODUCT.
